

CURRICULUM VITAE
Nakiyemba
Alice
Busitema University
Faculty of Natural Resource & Environmental Sciences
P.O.BOX 236
Tororo
Mob: +256-772-450371
Email: alicenakiyemba@gmail.com/anakiyemba.nres@busitema.ac.ug

Education:

- 2008 – 2013, PhD (Bio-economics, specialising in Natural Resource Governance), Catholic University of Leuven, Belgium
- 2001-2006, MA. Sociology Makerere University Faculty of Social Sciences
- 1995-1998, BA. Social Sciences (Hons), Makerere University Faculty of Social Sciences
- 1992-1994, Diploma In Education Secondary Institute of Teacher's Education Kyambogo

Specific Skills:

I am skilled in community work, Program development, monitoring, and evaluation. I am able to work in any environment, especially with marginalized and traumatized groups of people. I have wide experience using and teaching quantitative and qualitative research methodologies. I have practical experience using statistical packages such as SPSS, STATA, R, Atlas-ti, and Nvivo. I am skilled with proposal writing, qualitative and quantitative data collection, management, analysis, and report writing.

TEACHING

- August 2023 to date Associate Professor/Dean Faculty of Natural Resources and Environmental Sciences, Busitema University, Uganda.
- April 2017 to July 2023 Senior Lecturer/Dean Faculty of Natural Resources and Environmental Sciences, Busitema University, Uganda.
- 2011 – 2016 Lecturer/ Deputy Dean Faculty of Natural Resources and Environmental Sciences, Busitema University, Uganda.
- 2009 - 2011 Part-time Lecturer Faculty of Natural Resources and Environmental Sciences, Busitema University, Uganda
- 2004 – 2009 Assistant Lecture Busoga University, Uganda

RESEARCH

Research projects undertaken and ongoing

- Principal Investigator of the project titled “Inclusive Education for Migrant Populations in Higher Education Institutions in Uganda”, funded by Busitema University Research Innovation Fund 2023/2024.
- Co-Investigator of a project titled “Development of Geospatio-Temporal Surveillance And Characterization of Malaria in the Changing Climatic Conditions In Eastern Uganda Study (GTS-MACS)” funded by Busitema University Research Innovation Fund 2023/2024.
- Co-investigator of a project titled: “Bamboo for Flood Risk Reduction in Butaleja District, Eastern Uganda”, funded by Busitema University Research Innovation Fund 2023/2024.

- Principal Investigator of the project titled “Women The Frontliners of Climate Change a case of Butaleja District Eastern Uganda funded by Busitema University Research Innovation Fund 2022/2023.
- Co-investigator of the project titled “Positioning Busitema University as a lead institution in promoting Community Health and Environmental Advocacy through Data Reuse funded by Busitema University Research Innovation Fund 2022/2023.
- Co-Investigator as qualitative specialist on the project titled: Impact of prophylactic CPAP in the delivery room (DR-CPAP) on neonates <1500g in a low-resource setting: A feasibility trial
- Co-investigator on a project titled National Multiplication Project Managing Diversity in Ugandan Higher Education Institutions, funded by the University of Postdam Germany under the framework of DAAD Alumni under the auspice of University leadership and Management 2021-2022.
- Co-promoter of a project titled Sustainable Land Use and Resilient Livelihoods in the landslide-prone Region of Mount Elgon Uganda (SureLive). The five-year project ended in December 2018 and was funded by the Belgian government (Vliruos)
- Team member of a project titled Ecologically based management of rodent pests in maize and rice in East Africa. This is a three-year project implemented in partnership with Sokoine University of Agriculture and funded by the Bill and Melinda Gates Foundation
- Team member of the African Center of Excellence for Innovative Rodent Pest Management & Biosensor Technology Development (IRPM&BTD). This five-year project was implemented in partnership with Sokoine University of Agriculture and funded by the World Bank.

Presentations at conferences, workshops, and consultancies

- Presented the paper titled: “The impact of agricultural activities on the livelihood of riparian communities of Nalwekomba wetland ecosystem along River Nile, Namasagali, Kamuli District Uganda” at the international section of the 16th Conference in Agricultural Economics, Agricultural University of Athens, Greece, 7-8 October 2021.
- Presented a paper at the International Congress Water 2011, organized by Mekelle University and VLIR-UOS, September 19-26, 2011, in Mekelle, Ethiopia, titled: Farmers, Politicians and Technocrats: Conflict dynamics surrounding water and livelihoods in the Upper River Rwizi water catchment Lake Victoria Basin Uganda. September 2011.
- I worked as a consultant for a USAID project, Strengthening ART Adherence Levels in Uganda: Case Study of District Comprehensive HIV/TB Program (DHTP) Eastern Uganda (STAR-E Project). From July 2011 to November 2011, I supervised research assistants during data collection, data entry, data analysis, and writing the final report.
- Worked as a consultant with the International HIV/AIDS Alliance on a research project titled Key Populations and Women in monogamous relationships in Uganda: HIV Response and Vulnerability with a particular focus on maternal Mortality. The assignment involved designing research

protocol, training data collectors, data collection and report writing from October 2010 to March 2011.

- Worked as a Research consultant with the International HIV/AIDS Alliance on a project titled: Emerging Networks of People Living with HIV in Uganda: prevention, Visibility and Disclosure. The assignment involved qualitative data analysis, report writing, and producing a peer-reviewed paper for publication from October to December 2010.
- Worked as a Research Associate with Water Mission International on a Research project titled Water For Africa, a Health Intervention Impact Study, from June 2010 to August 2010.
- Presented a paper at the European Geosciences Union General Assembly from 2nd – 7th May 2010, Vienna, Austria Session: Vegetation and Erosion, titled: Sugar cane growing and Cattle grazing as drivers to wetland degradation in Uganda: A case of upper river Ruizi and Iguluibi catchments Lake Victoria basin May 2010.
- Presented a paper at the 25th conference of the Soil Science Society of East Africa from 7th - 11th December 2009, Moshi– Tanzania, titled: Community’s involvement in the use and management of wetlands under decentralised governance in Uganda: A case of upper river Ruizi and Iguluibi catchments Lake Victoria basin in December 2009.
- Worked as a consultant with the Uganda AIDS Control Program to train field data collectors and field supervisors in qualitative methodologies on the theme: Identifying Adherence Intervention Strategies for Scale-up in the National ART Program in Uganda in April 2007.
- Emerged as a medal finalist at the Eighth Annual Global Development Conference of the Global Development Network, which took place in Beijing, China, with the theme, Shaping a New Global Reality: The Rise of Asia and its Implications, *Category: Global Health Concerns, Domestic Responses and Reforms* in January 2007.
- Presented a paper at the XVI International Aids conference in Toronto, Canada: Factors that facilitate or constrain adherence to ARV therapy among adults In Uganda: a pre-intervention study in August 2006.
- Facilitated at the East African Regional Meeting on ARV adherence by presenting a paper on factors that facilitate or constrain adherence to antiretroviral therapy among adults in Uganda: a pre-intervention study. This was organized by INRUD and involved Uganda, Kenya, Tanzania, Ethiopia and Rwanda in April 2006.
- Principal Investigator for the Uganda country study on ARV adherence in collaboration with WHO, University of Amsterdam and Busoga University. A multi-country pre-intervention survey was carried out in Uganda, Tanzania and Botswana. This included designing the overall project, training research assistants in data collection focusing on qualitative methodologies, supervising all project activities and submitting the final project report for publication from October 2004 to January 2006.
- Worked as a Consultant/primary facilitator for ECOVIC UGANDA, KENYA AND TANZANIA CHAPTERS to train members of the Regional Governing Council, Secretariat staff in areas of Research methodologies, Project Management, Lobby and Advocacy skills, Communication skills and Gender Mainstreaming to ensure a clean Lake Victoria for all in July 2005.

- Worked as a Consultant/leading facilitator for ECOVIC UGANDA CHAPTER to train Board members, Secretariat staff, member Organizations, beneficiaries and other stakeholders in areas of Project Management, Lobby and Advocacy skills, Communication skills and Gender Mainstreaming to ensure a clean Lake Victoria for all in April 2005.
- Worked as a consultant/leading facilitator in training community mobilisers and other vital actors for FABIO/DENIVA Pressure from the project below, Uganda, in February 2005.
- Part of the consultancy team that studied civil society organizations in Uganda, phase II of the Uganda Program for Holistic Development [UPHOLD], in 20 districts in Uganda, using qualitative and quantitative methodologies from June to July 2004.
- Worked as a consultant with Mayuge District to train Secondary school teachers in Counselling skills of HIV/AIDS for youth
- Trained the youth out of school in Mayuge district in the basic life skills for HIV/AIDS in May 2004.
- Part of the consultancy team that mapped civil society organizations in Uganda in phase I of the Uganda Program for Humanistic Development [UPHOLD] in 20 Districts in December 2003.
- In November 2003, I was part of the team conducting the Mid-Term Review for the Goal Bugiri HIV/AIDS four-year project in Uganda.
- Worked as a field assistant with Makerere University Faculty of Social Sciences on a four-year project on Public policy, changing Gender relations and identities in Uganda in collaboration with Gotoborg University in Sweden in September 2002.
- District research assistant for Regional Center for Quality Health Care Project Makerere University. This was to assess the quality of care of reproductive health services in rural areas in the Kamuli district using both qualitative and quantitative methodologies from February to March 2001.
- District research assistant for law and advocacy for women in Uganda to assess the effectiveness of the Decentralized courts on women's justice in Kamuli District using qualitative methodologies in May 2000.
- District research assistant for Law and Advocacy for Women in Uganda on a domestic violence project in Iganga District using qualitative methodologies in July 1999.
- District research assistant for Law Reform Commission on Rape and Defilement project in Kamuli district using qualitative methodologies in September 1997.

Masters Students Supervised successfully

- **Nyangoma Imeldah. (2024).** Gender analysis of human-forest interactions for the surrounding communities of Bugoma forest in Kikuube district, Uganda, Busitema University.
- **Ariyo Benjamin. (2024).** Effectiveness of Community-based Wetland Management approaches in a changing Environment of south kiruruma wetland, Kabale district, Uganda, Busitema University.

- **George Acquah. (2023).** Forest Management Institutional Response to Diseases Outbreak: The case of COVID-19 Pandemic and Ebola Virus Disease in Uganda, Dresden University Germany.
- **Okot Agiro Gabriel. (2021).** The Effects of Climate Variability on Gender Roles and Food Security in Kotido District, Uganda, Busitema University.
- **Ngorok Simon. (2021).** Environmental and Social impact of mining-related activities on pastoralists' livelihoods in Moroto District, Uganda, Busitema University.
- **Rwobusingye Ellias. (2021).** Climate Change Perception and adaptive strategies among smallholder coffee farmers in Sheema District, southwestern Uganda, Busitema University.
- **Busagwa Alex. (2019).** Assessment of adaptation to climate change through a gender lens in Namayingo District Eastern Uganda, Busitema University.
- **Mutambuli Richard. (2019).** Effects of Climate Variability on people's Livelihoods in Pallisa district, Busitema University.
- **Naigaga Esther. (2019).** Determination of adoption of sustainable land management practices in relation to gender in Mayuge district, Uganda, Busitema University.
- **Arinaitwe Bernard Mbasu. (2019).** Spatio-temporal impacts of land cover change on Namanve wetland health and counter management strategies in Mukono district, Uganda, Busitema University.
- **Adiga Hassan. (2019).** Assessment of drought hazard and its impact on community livelihoods in the cattle corridor of Uganda using Luwero district as a case study, Busitema University.
- **Ongwen Amos. (2018).** Climate Change Mitigation a case of biogas use in Bugishu Sub-region Uganda, Busitema University.
- **Bbosa Henry. (2018).** Exploring the role of Clean Development Mechanism in Promoting access to Clean Renewal Energy in Uganda, Busitema University.
- **Osikol Esther. (2017).** Meander plan, Sinuosity and Bank Erosion Along River Semiliki in Ntoroko District Uganda, Busitema University.
- **Sekagya Moses. (2017).** Effects of charcoal production processes on Gender focused tasks of producers: A case study of Wakyato Sub-county, Nakaseke District Uganda, Busitema University.

Internal Examiner of Masters dissertation

- **Babinga Godfrey. (2021).** Analysis of climate Smart Agriculture practices in maize production among smallholder farmers. The case study of Eastern Uganda, Busitema University

- **Kizito Eric. (2020).** Climate change adaptation strategies of smallholder farmers: The case of Kakooge sub-county, Nakasongola District Uganda, Busitema University.
- **Wanyama Peter. (2020).** Analysis of peoples' willingness to pay for climate regulation value of Mabira forest: Application of Contingent Valuation Method, Busitema University.
- **Kirunda Samuel. (2020).** Assessing the impact of climate change on food production in smallholder households and their adaptation options. A case study of Buyende District Uganda, Busitema University.
- **Basaliza Edigar. (2019).** Ecosystem-based Adaptation to drought among agro-pastoral farmers in Kayunga District, Busitema University.

Hardon et al., *From access to adherence: The challenges of antiretroviral treatment studies from Botswana, Tanzania and Uganda* (pp. 15-20).

3. COMMUNITY ENGAGEMENT

- January 1999 – September 2001 Busoga Trust rural water development project [DFID funded project] Program Officer Social Development
- June 1998 – January 1999 Busoga Trust rural water development project Sociologist/Community health educator
- October 1995 – June 1998 Action for development (National women's organization working towards lifting the status of rural women) Community trainer/Researcher/ Member
- Conducted an outreach activity in Namutumba district to work with rice farmers to establish the influence of climate variability on rice production.
- Enhancing lost ecosystems services in Namasagali Sub-county, Kamuli District
- Enhanced biological rodent pest control by integrating tree planting with owl boxes in the Butaleja district.

4. Short term professional qualifications:

2022: Hold a certificate with NIDA Clinical Trials Network about Good Clinical Practice

2022: Scholar with Leaders of Africa Institute Research Methods Course 2021

2021: Enhancing University Governance for Developing Countries by Zhejiang Normal University, China.

2021: National Multiplication Training (Train The Trainer Workshop) by University of Potsdam, German

2019: International Deans course for Africa by University of Applied Sciences Osnabruck, German

- Innovative and Quality Research methods, knowledge, and skills for the 21st Century by the Association of African Universities.
- Leadership and Change Management, Management of Higher education institutions and principal value centred Leadership by Eastern and Southern African Management Institute (ESAMI)
- Regional Training on Quality supervision of postgraduate studies by inter University Council for East Africa
- Leadership and Management skills course for Academic Leaders by hfp Consulting funded by Bill and Melinda Gates Foundation and RUFORUM
- Corporate Governance for productivity and Sustainability by Institute of corporate Governance in Uganda
- Training of Trainers in Research Methodology by the Council for the Development of Social Science Research in Africa (CODESRIA)
- Technical Approaches for conducting Impact Evaluations by Regional Centers for Learning on Evaluation and Results and World Bank.
- Refresher course on Research Methodology Training for PhD Trainers and Supervisors by Organization for Social Science Research in Eastern and Southern Africa.
- Participatory rural appraisal methodologies in research by Community development resource network Uganda
- Project Monitoring and Evaluation by Uganda Management Institute
- Training of Trainers by Uganda Management Institute
- Strategic planning and management by Uganda Management Institute
- Leadership skills by the Institute of Advanced Leadership
- Proposal writing and resource mobilization by the Uganda Management Institute
- Field data collection using qualitative methodologies by child health and development Centre Makerere University - Mulago Hospital
- Consultancy skills by Uganda Management Institute

- Gender Mainstreaming by the British Council In-Country training program
- Research Methodologies by the organization for Social Science Research in Eastern and Southern Africa Addis Ababa- Ethiopia

5. Leadership positions held

- July 2021 to date Dean, Faculty of Natural Resources and Environmental Sciences, Busitema University
- April 2021 to June 2021 extension for three months as Dean Faculty of Natural Resources and Environmental Sciences, Busitema University
- April 2017 to March 2021 Dean, Faculty of Natural Resources and Environmental Sciences, Busitema University
- Deputy Dean Faculty of Natural Resources and Environmental Sciences, Busitema University
- Program Controller Faculty of Natural Resources and Environmental Sciences program for Finance year 2022/2023
- Program Controller Faculty of Natural Resources and Environmental Sciences program for Finance year 2021/2022
- Program Controller Faculty of Natural Resources and Environmental Sciences program for Finance year 2020/2021
- Program Controller Faculty of Natural Resources and Environmental Sciences program for Finance year 2019/2020
- Program Controller Faculty of Natural Resources and Environmental Sciences program for Finance year 2018/2019

6. Membership to committees

(June 2022 to date) Member of the Programs and Policies' Committee of Busitema University Senate.

(June 2022 to date) Member of the Academic Affairs and Library Committee of Busitema University Senate.

(June 2022 to date) Member of the Board of Graduate Studies and Innovations Committee of Busitema University Senate.

(February 2021 to date) Chairperson of Busitema University Ceremonies Committee.

(July 2020 to June 2024) Representing Senate to Busitema University Council.

(August 2020 to July 2022) Member of the Marine Steering Committee.

(April 2017 to June 2025) Member of Busitema University Senate.

(July 2016 to June 2020) Representing Academic staff to Busitema University Council.

(October 2015 to date) Member of Busitema University Adhoc Disciplinary Committee

7. WORKSHOPS AND SEMINARS ORGANISED AND ATTENDED

- Organized and participated in a rodent end-of-year progress workshop (2018) in Uganda in collaboration with Sokoine University of Agriculture Tanzania under a project funded by the Bill and Melinda Gates Foundation.
- Organized and facilitated a Write-up workshop for ARV adherence in Uganda funded by WHO for Uganda, Botswana and Tanzania. (2005) at Triangle Hotel Jinja-Uganda.
- Organized and participated in the Global Seminar 2006 with the University of Wisconsin Oshkosh USA.
- Organized and facilitated an In-country training workshop on the sustainability of water sources for Busoga Trust community workers under the British Council In-country training programme, funded by the Department for International Development (DFID) in 2000.
- Organized and attended feedback workshops for DFID Mid-Term and final evaluation of the Busoga Trust water development project in 2001.
