Objective

Dr Nankunda Oreb, a Medical Doctor and dedicated educator with a strong background in medical training and mentorship. Proven ability to manage medical training, and provide personalised support to diverse student populations. Utilises effective communication and leadership skills to promote a culture of excellence in learning, achieving measurable improvements in student performance. Passionate about contributing to the academic community through innovative teaching methods and research. He is seeking a challenge in academia to improve evidence based clinical practice via medical training and broaden the body of evidence in Uganda.

Experience

- Department of Internal Medicine, Busitema university** 1st May 2021 - To date
Teaching Assistant
I am actively involved training medical anesthesia and nursing students on common conditions, professionalism, and ethics, managing medical emergencies, managing inpatient and outpatient patients. I prepare and present on special topics, chair death review sessions, conduct ward rounds as well as conducting clinical teaching.
 - I also coordinate course units, conduct tutorial sessions, mentor students, facilitate COBERS activities, conduct examinations and research.
 - I provided individualised support to students, addressing diverse learning needs and promoting academic success.
 - I utilise digital tools such as Google Classroom, Zoom and Microsoft Teams to enhance communication and streamline administrative tasks as well as the Busitema University Learning Management System.
 - I participate in professional development workshops to continuously improve teaching skills and stay current with educational trends.
 - I have implemented technology resources effectively, improving student engagement in both virtual and in-person learning environments.
 - I am participating in research for academic projects, contributing to the overall knowledge and resources available to students.
 - I provide administrative support to the department, including scheduling meetings and managing correspondence.
- International Medical Centre, Mbale** January 2021 - December 2021
Medical officer
I managed inpatient and outpatient units, attending admissions, ward rounds, patient monitoring, discharges, and follow-ups. Also attends medical outpatient clinics for infectious diseases, obstetrics, paediatrics, cardiovascular diseases, and diabetes Mellitus.
Prepared special topics for continuous professional development.
- Mbale General Clinic and Forensic Services** October 2019 - December 2020
Medical Officer
I managed inpatient and outpatient units, attending admissions, ward rounds, patient monitoring, discharges, and follow-ups.
I examined victims of physical and sexual assault and filed the evidence in the appropriate police forms.
I performed both medico-legal and clinical post mortem examinations including autopsies.
I have delivered both expert and professional evidence in Ugandan Courts of Law on several occasions whenever required.
- Ministry of Health Medical Internship Program-Mbale Regional Referral Hospital** October 2018 - September 2019
Medical Intern
I trained medical and nursing students on common conditions, professionalism, and ethics, managed medical emergencies, managed inpatient units, attended outpatient clinics, prepared and presented on special topics, participated in death review sessions, and chaired departmental report reviews.
